

2025 Annual Update: Protecting Architects is Our Policy

AN EVERLASTING COMMITMENT TO SAFEGUARD ARCHITECTS

At Pro-Demnity, we have a **protect and defend** mindset. It's embedded in our Policy which is expressed as:

- The insurance contract that protects architects.
- The principle that drives how we serve architects.
- Our commitment to be here for architects.

Our drive to protect architects is not just about professional liability insurance to meet the unique needs of architectural professionals.

It's about dedication to integrity and excellence so that architects can trust us to stand by them, providing the protection and peace of mind they deserve. It's a pledge that we re-commit to at each and every renewal, annually.

This 2025 annual update highlights our policy and promise to champion architectural practices to design a better world through their **wise, effective** and **efficient** management of risk.

BOARD CHAIR'S PRESENTATION AT THE OAA ANNUAL GENERAL MEETING

Our Board Chair, Debra Krakow presented the company's highlights for 2024 to the OAA membership at their Annual General Meeting which took place on Tuesday, April 8, 2025.

Her presentation is available for download: [Pro-Demnity's Chair of the Board of Directors presentation](#)
